

SASY Sustainable Finance Committee

2015.10.5

Discussion

- SASY will delay 501(3)C application until vote at 2016. This will impact SASY's ability to get EIN and banking account. This delay is because if SASY goes ahead with the creation of a 501(c)4 SASY would lose the ability to apply for the fast track 501(c)3
- Budget reworked to new totals that better reflect spending going forward and moves unspent funds to strategic reserve.
- Sustainable Finance Committee will move to explore the changes that will need to happen to change the bylaws for adoption of a 501(c)3 and impact these changes over the course of the next meetings
