

SASY Committee Report Form

Date of meeting: 10/3/2012

Name of Committee: Preservation & Development

Chair : Brad Hinkfuss

Members: Brad, Lou, Doug, Lance (absent)

Purpose (goal) of Committee:

Action items:

Specific issue(s) to report:

Recommendation(s):

Discussion items at board meeting: There were no particulars to discuss in the areas of preservation and development, other than the large projects that have taken on lives of their own and therefore lay outside the purview of this committee (i.e., Kipp, Garver, Union Corners). Rather, the discussion revolved around the new information that the dates for a number of the street reconstructions have been delayed. In particular, the reconstruction of Winnebago St. and the Shencks Corners intersection has been rescheduled for 2015. The group discussed the possibilities for how this new timeline would and could impact the planning process surrounding the projects.
