

INVITATION TO: REDESIGN AND ENHANCE OUR NEIGHBORHOOD PUBLIC SPACES

The Schenk-Atwood-Starkweather-Yahara (SASY) Neighborhood Council has partnered with the City of Madison to create a neighborhood vision which will enhance our neighborhood public spaces. Those who live, work and play in a space know best how to create a place with belonging, a place with meaning and soul, a place to linger in and return to because it connects with and feeds you.
