Action items:

Specific issue(s) to report:

Michael Barret and Brad Hinkfiss are currently on sabbatical from the Transportation Committee.

Committee is currently going through Lance's report that synthesizes all transportation issues from the three most recent neighborhood plans:

1. **Marquette-Schenk-Atwood Neighborhood Plan** (April 1994)
2. **Schenk Atwood Neighborhood Business District Master Plan** (December 2000)
3. **Schenk-Atwood-Starkweather-Worthington Park Neighborhood Plan** (March, 2000)

We are looking at every transportation issue and deciding whether each has been already done, no longer relevant, or still needs to be addressed It will take a few meetings to get through this. At the end of this process we will be fully informed of the neighborhood's desires at the time these plans were written and the public process that ensued with the creation of them. We will also be able to communicate this information to the full SASY council.
