

Date of meeting: December 16, 2012

Name of Committee: Corridor Planning / Win-At Working Group

Rep: Brad Hinkfuss

Members: Bill White, Anne Walker, none other set

Purpose (goal) of Committee: explore planning initiatives in advance of the street reconstructions scheduled for the next 2-5 years in the SASY neighborhood

Specific issue(s) to report: A subset of the Corridor Planning Group met on 12/16/2012 at Bill White's home to discuss the state of the planning initiatives, to strategize (loosely) and to discuss transportation-related items with Rich Kedzior. Rich is a professional who works in transportation planning for a local firm. The notes of the meeting are included below. There is not currently a next meeting date for anyone. There is some motivation to start having particular interest groups start to form around discrete areas of the street reconstruction projects. Lou Host-Jablonski and John Steines from the SASY exec committee participated in the meeting.

Meeting Notes from 12/16/2012 (courtesy of John Steines)

1. Use Rich's presentation of priority sites highlighting need for site research and gather data, maps and identify how incidental research will be garnered (survey, observation, interview).
 - a. undergrounding issue - expense for residents, TID for Atwood, existing TID for Winnebago (all of it?, can it be extended?) to place payment at time of sale of home.
 - b. HUD \$, BRT study, metro internal
 - c. traffic statistics (ped/ped, ped/bike, bike/bike, ped/mva, bike/mva, mva/mva)
 - 1) survey
 - 2) Incidents
 - 3) observations
 - 4) interviews/letters
 - d. business specific considerations (incl parking)
2. Transparency and release of information/communication. TBD - prioritize.
3. Repurpose roadways plan meeting with pertinent parties and detail plan to plan schedule incl map needs, public participation process, budget needs, timeline, expectations - process map essentially, 501c3 holding structure or other (David Mollenhoff, Tim Anderson, Chuck Strawser, Dick Wagner (OBS) and others (January 2013). Win-At raffle presentation?

4. Meet with critical neighborhood parties to perfect proposal components and build capacity for place making (Jan - March 2013).
5. Meet with Steve Cover/Paul Soglin/alder on neighborhood lead (ownership) process of place building at and within neighborhood scale inviting planning dept involvement (March 2013).
